NEXTRA File Uploader Release version 2.7.4.0 -

The Exchange is pleased to announce the upgrade of its File Uploader utility from existing version **2.2.125.0** to upgraded version **2.7.4.0**. Upon completion of the mock, Exchange will announce the Go / No-Go decision of making the changes live.

Members are requested to note that, in case of a Go-Live decision, it is MANDATORY for all the members to continue using the NEXTRA File Uploader version 2.7.4.0 from the next LIVE trading session. Members will not be able to login with NEXTRA File Uploader version 2.2.125.0 from Monday June 10, 2024.

Exchange will notify all members about the Go / No-Go decision through a separate circular, by sending notification via Email or SMS on Saturday, June 8, 2024 post Go-Live mock session.

Members are requested to get the new software from the Extranet Common folder. Please refer Annexure B for more details for new software location and installation steps.

Based on the Go / No Go decision, Members are requested to note the following -

Go-Live Decision:- Exchange will go live with the upgraded version of NEXTRA File Uploader version 2.7.4.0 from **Monday June 10, 2024**.

No-Go Decision: Members will have to revert to NEXTRA File Uploader Version 2.2.125.0 on the **Mock day - 08 June 2024**.

The Exchange encourages its members to actively test the new upgraded Nextra File Uploader version 2.7.4.0 to ensure members don't face any issues on subsequent Live trading sessions from Monday June 10, 2024. Members are requested to report any issues faced during the mock to the Customer support team of NCDEX.

BOD and EOD Files for Mock Session -

All BOD files i.e. NCDEX.zip, BMS_RA, BMS_RPF will be available on the Extranet Common server from the below secured FTP path on port 990 - common/Mock/

Files will also be available at Extranet Common server - <https://common.ncdex.com> at NCDEXDocs --> Mock Section.

Trading members may kindly note that they shall be able to download their end-of-day files from their respective mock folders on the Member Extranet server post mock.

Members are requested to note that trades resulting from this session shall not attract any obligation in terms of funds and commodities pay-in / pay-out.

The stock brokers should ensure to put in place adequate mechanism to restore their trading systems to 'production state' at the end of the testing session so as to ensure integrity of stock brokers' trading system.

Members are requested to participate actively in the mock trading session from all trading software and re-login into the live environment to check the connectivity and to avoid any login issues on **Monday, 10 June 2024**.
